Finish

Current standard wood frame stain colors are: Natural, Black/Natural, Black/Mahogany, Black/Wild Cherry

8-Step Finishing Process

1. The bare wood components of the chair are thoroughly sanded using 120 grit paper.
2. One coat of stain is sprayed onto all sides of the wood components.
3. The chair components are inspected and any necessary color adjustments made.
4. One coat of a nitrocellulose sealer is sprayed onto all wood parts to completely seal the wood.
5. Once dry, the sealer is sanded using 320 grit paper.
6. A nitrocellulose lacquer is sprayed on.
7. The wood components are then assembled.
8. A final inspection is performed prior to packaging to ensure a high level of quality control.
