

Combine **STAGES** of the same height to construct one large stage-or use progressive heights for seated band or choral riser configurations.

With our new line of stages & risers, MBI has now broadened its event furniture line of products to fill the needs of assembly requirements and performance applications. Whether your venue requires single height portable stages, multiple levels, or entire stage configuration, MBI offers affordable prices, quick ship and superior craftsmanship to provide you with the best value.

- Built with 16 gauge steel frames and premium grade plywood core, these carpeted or hardboard stages are durable and portable.
- Stage legs are made with 14 gauge tubular steel and out-fitted with spring-loaded easy to open/close for quick set-up and safe use.
- For safety, guard rails should be used with these stages.
- Backed by a, 10 Year Limited Manufacturer Warranty

Strong and stable enough to hold an entire car!

Stage Dolly (SDL)

Convenient built-in latch secures stages to dolly when being transported

Stages are outfitted with ganging to easily connect multiple stages

STEPS for Stages
