Quick Ship Pew Chair

Pew Chair Construction

Frame: Made from 18 Gauge tubular steel utilizing multiple steel supports, a continuous "U" shaped back, and painted with a powder coat paint finish giving you one of the most durable paint finishes and strongest frames on the market. The frame has a 25 year warranty against manufacturing defects.

T-Nut and Bolt Assembly: The back and seat are attached to the frame by screwing bolts into T-Nuts (encased in the plywood). Backs and seats can be quickly removed and reattached. Screw to wood assembly can cause detachment through time, the threads stripping loose from the wood grains due to movement.

Optional Features

Arm Chairs

MBI is proud to offer matching arm chairs to accommodate your facility. The arm chairs and regular pew chairs will interlock to keep pew effect and pass safety codes. Adding arm chairs allows ease of sitting and getting up. (Pictured: 150A-QS)

Card Pockets

Fabric card pockets are great for holding envelopes or folded brochures.

Fabric/Frame Combinations

MBI offers 7+ In-stock color choices for regular 150-QS, and 12 combinations for 150A-QS.

**Stock/availability is on a first come first serve basis.*

Rear-Entry Stackable Book Racks

Books are accessible from the back of the chair. The design includes a communion cup holder. To assemble: simply pull out plastic plugs on the rear support bar, insert ends in these holes, and the front hooks on the front support bar.

Protect your fabric

Fabric Protection is as vital as the comfort and functionality of the chair. By protecting the fabric from food and beverage stains, the fabric is easier to clean which is essential for keeping up the appearance of the chairs.

The DuPont™ Teflon® is applied to the fabric creating a barrier of protection though still allowing the fabric to breathe and feel natural. It keeps most spills from embedding into the fibers of the fabric allowing you to clean up the spill before it becomes a stain.

**Does not protect against candle wax.*

Fabric Protection can be applied in warehouse for In-stock Chairs.
