

MILL BROOK INDUSTRIES, INC.

MBI's Seating incorporates features that give you comfort, durability, value, and style.

NLW Series *3/4" Lightweight Plastic Banquet Tables*

Hexalite banquet and meeting room tables meet the changing needs of today's busy public assembly facilities. The innovative construction utilizes aircraft grade, polypropylene honeycomb core material that is epoxy bonded to a durable outer shell of thermoformed ABS plastic. ABS plastic is the same material that pro football helmets are made from.

Add together the internal steel channel support frame to the most durable legs found anywhere in the industry, and you have a lightweight table that anyone can handle. It is so durable that it is backed by a 10 year manufacturer's limited warranty. This may be the last table you will ever have to buy.

Beige Top with Brown Legs and Brown Vinyl Edge

Gray Top with Black Legs and Black Vinyl Edge

Leg braces incorporate spring loaded, case hardened steel detents for long life and fast set-up & tear-down.

Legs: Black or Brown

Wishbone style legs feature one-piece floor to tabletop support and double cross bracing for maximum strength.

Extra thick 14 gauge steel leg construction stands up to heavy use without bending. Non removable, high impact plastic leg glides protect floors.
